

Dear CAPPS Members,

On behalf of the CAPPS Board of Directors and staff, I would like to thank you for your support this year. Your contributions, both business and personal have enabled CAPPS to continue represent our Sector in California. We continue to face ingrained bias and opposition both Nationally and at the State level. Your member dues allow us to keep a strong and continuing presence in Sacramento. No one will defend us unless we defend ourselves first.

Our sector is a vital part of the job engine that drives our State. We fill critical jobs in all kinds of occupations. With your support we are able to promote the good work that all our members, both large and small, are doing for their students, community, and the State as a whole.

Your dues are the largest part of our funding. With your support we will continue to grow our Legislative relationships, provide schools and individuals with professional development, the latest in information and advice on the issues that concern you. We are proud to highlight Community Service programs and provide Scholarship opportunities for your students as part of our services. Whether it be Webinars, Conferences or Alerts we cover all the regulatory, legislative, and political issues that affect our Sector.

Please remember to include your membership with CAPPS in your 2022 and 2023 budgets!

We continue to build a state-of-the-art Association designed with you in mind. United we can make a large impact on California. Change is constant. We are dedicated to staying on top on those issues that affect you the most. Help CAPPS help you! Stay informed and stay active in the association.

You are invited to renew your membership by clicking on one of the boxes below.

We look forward to your continued presence as the heart of CAPPS. Thank you!

Robert Johnson
Executive Director
California Association of Private Postsecondary Schools
